^{*} Financial Soundness Indicator data variables are calculated in compliance to FSI Compilation Guide issued by IMF

^{**} Preliminary subject to revision

¹ Capital Adequacy Ratio and Tier 1 Ratio for the period starting from Dec 2017 are calculated according to Basel III Guidelines issued by CBUAE vide Circular 52/2017. Whereas for the period prior to Dec 2017 are following Basel II Guidelines

² Slight modification has been applied due to enhanced reporting of specific provisions

³ The Central Bank of the UAE enhanced its reporting of non-performing loans (NPL) for the UAE banking system to align its methodology with international best practices, in consultation with the International Monetary Fund. Under its previous reporting methodology, the UAE banking sector's NPL ratio was overstated compared to other jurisdictions, due to the inclusion of interest in suspense

⁴ Total Gross loans were also amended slightly to exclude interbank loans and interest in suspense

⁵ Includes loans to Other Depsoitory Corporations

⁶ Liquid Assets Consist of Eligible Liquid Assets (Cash in Hand, Banks' Liquid Assets at the Central Bank and Eligible Bonds/Sukuks as prescribed by CBUAE regulation 33/2015) + Interbank Lending covered by repurchase agreements per the FSI Compilation Guide issued by IMF. Total Assets are net off Specicfic Provisions
